Objective

Final-year B.Tech Computer Science student skilled in Python, JavaScript, SQL, MySQL, HTML, CSS, Git, GitHub, and Linux. Built projects including School Management System, AI Fake News Detector, and Weather Forecasting System. Interested in Software Development, Full Stack Development, and problem-solving.

Experience

Website Designer Intern, *INNOBOTICS* 09/2025 – 12/2025
Chandigarh, India · Remote

- Contributed to Switch Home — a startup platform helping employees discover rental apartments near their workplace, delivering responsive front-end layouts.
- Built and deployed websites for freelance clients, managing the complete project lifecycle from design to deployment under tight deadlines.
- Collaborated directly with the founder in a fast-paced startup environment, demonstrating strong communication skills and commitment to quality deliverables.

Education

B.Tech - Computer Science, *Rayat Bahra Professional University* 2023 – 2027
Hoshiarpur

XII, *SD secondry school 76.4%* Hoshiarpur

Technical Skills

Languages
Python,C JavaScript, HTML, CSS SQL

Database
MySQL PostgreSQL

Concepts
API integration Problem solving Software Development GitHub Actions CI/CD

Backend
Python, Spring Boot 3.x Flask, Express.js Spring AI, Gemini API

Frontend
React 18 + Hooks Tailwind CSS javascript

CourseWork
OOPs, DSA DBMS, OS, CN Data structures

Projects

School Management System, *Python, MySQL*

- Developed a database-driven application for managing student records, attendance, and academic information. implemented CRUD operations using Python and MySQL for efficient data management.
- Designed modules for student registration, attendance tracking, and record retrieval.

Weather Forecasting System, *Python, API Integration*

- Developed a weather forecasting application providing real-time weather updates. Integrated weather APIs to fetch temperature, humidity, wind speed, and weather conditions.
- Improved understanding of API integration, data handling, and real-time application development.

Achievements & Certifications

Solved 200+ coding challenges
Demonstrating strong algorithmic problem-solving skills.

Selected For The Junior Drone Engineer Trainig Program, *IIT JAMMU*

IBM Cloud Application Developer, *IBM*
